Designer Library

This library is to help you come up with a starting point for a basic design concept.

If you need help using this Designer Library please refer to [Designer Library Guide](#).

Remember, the library is only the starting point to creating a custom design for you.

What we need from you is a couple of designs you like the look of.

From your choice of designs we will change the colours to your colours, add your logo's, names etc... and end up generating 1 or 2 concepts of what we think you may like.

We use the same basic design to fit onto dresses, pants, jackets etc...

Concepts are done in a rough format therefore we do not place any great precision with regards to exact colours, logo's or any other elements when creating concepts.

The concept is a "ONE OFF" no charge artwork. You can reject the concepts without concern, but you cannot make changes.

If you like the concept enough to want to make changes we require an order be placed first.

Please note that there is a strict "2 free" concept requests per order policy.

Each concept request thereafter will require a Concept Artwork fee of R350-00 be paid in advance.

Please do not copy the images in this document.

Cannot find something you like? [Other Design Options](#).
